Notes	AAA Hyway "21" Tree Farm Ltd. specializes in container-grown and bare root native woody plants ranging from seedling to caliper size. They will grow any native or landscape species on contract. The company offers services in plant installation, reclamation and wildlife habitat and shelterbelt establishment. Sells plants wholesale and retail.	ALCLA sells seeds and plants of Alberta's wildflowers, grasses, and shrubs. They provide germination information, or will grow container plants to customer specifications. The business offers consulting, and on-site seeding or planting to re-establish native plant communities and experience in "roof top" plantings of native species. Free species list available. Sells seeds and plants wholesale and retail.	In business 80 years, Alberta Nurseries produces container-grown native trees, shrubs and vines. They will custom collect source specified seed or cuttings in Alberta. They will custom grow woody plants, wildflowers, grasses and wetland species. Free catalogue available. Sells plants wholesale and retail.	Bearberry Creek offer a variety of hardy water and marginal plants grown in their outdoor ponds for water gardening, wildlife enhancement and wetland reclamation. Free catalogue available online. Sells wetland plants/seeds retail. Sells pond supplies.	Bedrock Environmental Services has been a grower and supplier of native plant species for 18 years. The Company supplies live native plant material for industrial, commercial, reclamation and homeowner projects from its own field production. The Company provides biological and ecological consulting services, including on-site evaluations, custom seed sourcing, wildcrafting, community design for ecological goals, contract plant growing and installation, and monitoring. It also specializes in custom seed packaging of native seed for corporate promotions, fundraising or any special event large or small. Wholesale live plant supplier.	Blazing Star Wildflower Seed Co. is dedicated to preserving and restoring native wildflowers in western Canada. With over 50 wildflower species collected in Manitoba, Saskatchewan, and Alberta, individual packages and custom mixes can be ordered. Sells seed wholesale and retail.

Blight Native Seeds Ltd. collects and grows grass seed on a production farm. Grows, conditions and bags themselves. Sells wholesale and retail in Canada and the USA.	Bluestem Nursery is a specialty nursery producing mainly field-grown ornamental grasses and willows. They sell bare-root divisions of some native grasses grown in an exposed field that experiences Zone 3 conditions. They sell grass species that are suitable for lawn alternatives. Sells grass plants and seed wholesale and retail.	Boreal Horticultural Services Ltd. offers a range of greenhouse-grown container tree seedlings suitable for shelterbelts, reclamation, landscaping or reforestation, matching the seed source with the planting area when possible. Custom orders accepted, minimum order 200 seedlings. Sells plants wholesale and retail.	Bow Point Nursery is a grower of native woody plants of southern Alberta propagated from source identified seed and cuttings. They offer custom seed collecting and propagating. Motto: Survival of the Fittest.	BrettYoung deals in seed of native grasses, forage seeds, turf grasses and canola. The business will source, buy, contract, grow, process and sell native seeds for markets throughout North America. Sells grass seed wholesale and retail.	This wholesale nursery specializes in container grown shrubs and trees. They collect propagation material for their stock in northern Alberta. They supply the landscape industry and will custom grow woody plants. Sells plants retail and wholesale.	CES conserves, restores and rebuilds native ecosystems across the wetland-upland gradient. Vegetation produced includes wetland and upland forest and grassland vegetation. Seed collection is conducted within or as close to sites as possible to maximize genetic diversity. On-site work includes site design and assessments; vegetation and seed collection; plant production; installation and site care and IPM.

Trees, shrubs	Trees, shrubs, wetland plants	Grasses, forbs	Trees, shrubs	Grasses, forbs, wetland plants	Trees, shrubs	Grasses
Coaldale is a well established nursery. They grow native shrubs and trees. Perennial wildflowers are available in containers in the spring. Sells plants wholesale and retail.	Coast to Coast Reforestation Inc. is Alberta's largest producer of container and bareroot tree seedlings. With seven nurseries and five freezer storage facilities spread across the province they are able to supply our clients across Canada. Coast to Coast has decades of experience in the production of native trees for reforestation, and recently has produced large orders of shrubs, grasses and semi-aquatic plants for oilsands reclamation projects.	Native plants are sold in the nursery during summer. Sells seed and plants retail.	Dieter Martin propagates some native shrubs and trees in a nursery located west of Saskatoon. Trees and shrubs are containergrown, and some trees are field-grown. Sells plants retail.	Pickseed carries locally grown and imported seed of native grasses, wildflowers and wetland plants. A wide range of species is available for reclamation and restoration projects. They offer custom cleaning and consulting services. Inquire about lawn and golfscape alternatives. Sells seed wholesale and retail.	This nursery in central Alberta focuses on producing hardy fruit as plant liners from tissue culture. They deal mainly with the prairie fruit industry and the landscape industry. They grow a number of saskatoon cultivars and the native western wood lily (<i>Lilium philadelphicum</i>). The lilies are grown in tissue culture from seed, making them appropriate for reclamation work. A new interpretive trail at the farm connects visitors with nature, the origins of food and prairie heritage. Sells plants retail and wholesale.	Dynamic Seeds deals in native and forage grass seed. They are affiliated with Big Sky Seed Company in Montana. Sells grass seed wholesale and retail.

Trees, shrubs	Grasses, forbs, shrubs, trees, wetland plants	Grasses, forbs	Forbs	Forbs, shrubs, trees
Native and ornamental woody plants are produced in containers at Eagle Nurseries or purchased from other prairie sources. Some plants are available in bare-root form in spring. Sells shrubs and trees wholesale and retail.	Eastern Slopes Rangeland Ltd. specializes in bulk seed and plug sales of grasses. They deal in some species of wetland plants, shrubs and trees. Sells some seed retail, but the focus is mainly on wholesale grass seed sales.	The Edmonton Naturalization Group is an informal group of people in the Edmonton area who like to grow native plants and promote their use in gardening and landscaping to a wider public. We take part in a number of projects, in cooperation with the appropriate municipal authorities, which aim to enrich the natural flora of various parks and natural areas. ENG members raise native plants at the City of Edmonton's Oldman Creek Nursery and maintain a demonstration native bed at the John Janzen Nature Centre. Volunteers also care for certain parts of City of Edmonton parks as Partners in Parks.	EnviroScapes supplies wildflower seed. They will contract grow wildflower plants as plugs. The company offers consulting services, and erosion control practices. Sells wildflower seeds and plants wholesale and retail.	This business produces hardy containerized forbs, shrubs and trees grown from seeds and cuttings gathered in southwestern Alberta and grown to withstand chinook conditions. They specialize in the contract growing of native plants from collections gathered from the sites to be restored.

Hannas Seeds carries native grass, and wildflower seed from southern Alberta, Montana, Idaho, Colorado and South Dakota. Both premixed blends and custom blending are available. They import tree and shrub seedlings and seed in spring. Sells seed wholesale and retail.	HenDen Earth Stabilization Inc provides Wetland Sod. Our sod is comprised of native species either pre-vegetated or grown to specifications in biodegradable mats. The purpose is to easily establish vegetation in and around wetlands, stream & creek banks vegetated drainage courses and storm water ponds.	Interlake Forage Seeds provides sourceidentified seed of native grasses, wildflowers, and wetland plants. They are pollination specialists and also offer services in native seed multiplication and custom blending. Sells seeds wholesale and retail.	Knutson & Shaw Growers specialize in propagating wetland plants and wetland reclamation. They also grow wildflowers, grasses, shrubs, and trees. Offers consultation and installation services. Sells plants wholesale.	Lakeshore consists of a 160-acre caliper tree farm and a 7 acre container shrub and tree nursery just outside of Saskatoon. They operate 2 garden centres in Saskatoon and a landscape contracting business. Many of their shrubs and trees are native species, propagated from seed and cuttings collected in the Saskatoon area. They ship to western Canada and the northern United States. Sells shrubs and trees wholesale and retail.

Grasses, forbs	Grasses	Grasses, forbs, wetland plants	Forbs	Wetland plants	Forbs, shrubs, wetland plants
The Living Prairie Museum is a preserved 12-hectare piece of tall grass prairie in Winnipeg, open to the public. Native grass and wildflower seed are collected from prairie remnants in the area and sold through a mailorder seed list. Proceeds from the seed sales support prairie conservation in Manitoba. Information about tall grass prairie species may be found on an additional web site: < www.livingprairie.ca >. Sells grass and wildflower seed retail.	McDougald Ranch sells native grass seed wildharvested from the Cypress Hills and the Great Sand Hills area of Saskatchewan. They sell needle and thread, blue grama, plains rough fescue, western porcupine grass, June grass, and Poa glauca. Sells grass seed only wholesale.	Based in Winnipeg, this company is owned by Ducks Unlimited Canada. They will custom collect or produce under contract. They sell Ecovars™ and cultivars of native grasses, and offer reclamation and restoration consulting services related to wetland, aquatic and upland systems across the Canadian Prairies and northern U.S. Great Plains. Able to source most native grasses, forbs and aquatic species. Sells seed wholesale and retail.	NANPS was founded in 1984 as the Canadian Wildflower Society and was re-named the North American Native Plant Society in 1999. Its mandate is to inspire an appreciation of North American native flora through study, conservation, cultivation and restoration. Membership is \$25/calendar year. Benefits include 4 issues of The Blazing Star newsletter, information sheets, excursions, seminars and workshops, a seed exchange (available on-line) and advance access to the annual spring native plant sale via the web site.	Northern Vigor Seeds Ltd. collects and supplies seed of native plants from northern Alberta, with an emphasis on wetland species. Sells seed wholesale only.	Parkland Garden Centre produces mostly container-grown cultivated varieties of native perennials, wetland plants, and woody plants. Sells plants retail, see online catalogue.

Grasses	Grasses, forbs	Grasses, forbs	Grasses, forbs	Grasses, forbs, shrubs	Grasses, forbs, shrubs, trees
Phillips Seeds produces some native grass seed, as well as cereals and pulse crops. Sells grass seed wholesale and retail.	At PrairieFlora we grow a large selection of native prairie wildflowers and grasses. All of our plants are grown from local seed using all natural fertilizer and pest management. Our seed is all grown from our own nursery stock or collected with landowner permission from local prairie plants. We offer strictly nursery grown plants; none are dug from the wild.	Prairie Garden Seeds produces seeds of native wildflowers and grasses, in addition to other open-pollinated crops in their short-season, dry-land growing conditions. Call for availability of native species. Their mail-order catalogue is posted on the web site, or can be ordered through the mail for \$2.50 or five postage stamps. Sells seeds retail.	Prairie Habitats Inc. supplies hand-held, pull-type and front end loader mounted native seed stripper harvesters, native seed drills, contact herbicide applicators for weed control in native seed plots and restorations, native seed cleaning equipment and roller packers for native seedbed preparation. They offer contract native seed collection and seeding of pipelines, well sites, industrial, commercial and residential areas, consulting and research on native prairie species, and courses on native prairie landscaping, prairie fire ecology and management.	Prairie Originals has specialized in growing and supplying native plants for 23 years. A wide assortment of wildflowers, native grasses, shrubs and vines are available as seedling plugs. Most of the plants are started from seed collected from stock plants on the property. Sells plants wholesale and retail and custom growing is done as well. Sells seed by individual species and in mixes. A catalogue is available in print and online. Prairie Originals has also designed a series of native plant labels with growing information and colour photographs of the species on the label.	Prairie Plant Systems is involved in research and development, contract growing, contract planting, and hydro-seeding of native grasses, wildflowers, shrubs and trees, and wetland plants. They will source seed. They also offer services in reclamation, restoration and watershed redevelopment. Sells seed and plants wholesale.
